

CHEERS JESSE

From the desk of
Brad Hogg

Many thanks for your letter. It's always great to hear from fans of the game and I am delighted to return your memento and hope you receive lots of pleasure from your collection. It was my dream to play cricket for Australia, I am so grateful for the opportunity to come out of retirement and play once again on the world stage of the 20/20 format. Pursue your dreams – it's the only way to live your own life. Good Luck out there
